

Introducing the TASKalfa Pro 55000c

Beautiful precision on coated media.

With the **TASKalfa Pro 55000c**, Kyocera leverages its heritage of **industry-leading innovation** to add a fresh, new solution to its **inkjet portfolio**.

Offering the ability to create comparable output to offset devices, this machine is ideal for businesses looking to **elevate their output using inkjet technology**.

Inkjet Technology

Newly developed inks and an ink penetration, adhesion, and high-speed transport system create vibrant, intricate designs on a wide range of offset coated media.

Versatile Media

Enhanced technology supports up to 400gsm and can auto-duplex on long media up to 48 inches, successfully applying sustainable inks across various applications.

High Productivity

Prints up to 150 images per minute and 9,000 images per hour. A pair of 3-liter ink containers for each CMYK color reduces downtime by allowing quick ink replacements during printing.

High Image Quality

Award-winning inkjet technology that produces 1200 x 1200 dpi using sustainable inks to produce a wide range of colors and ensure consistent and accurate output.

Easy Maintenance

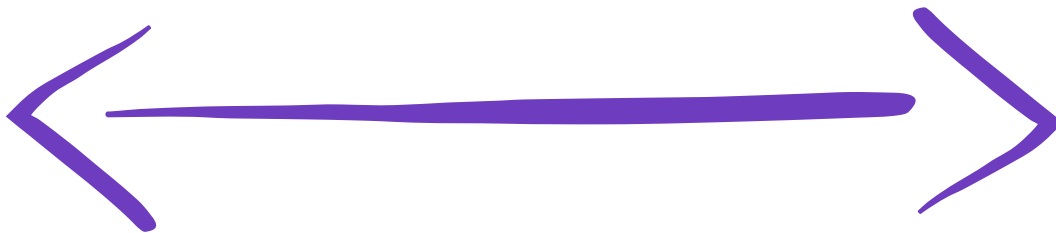

Quick and efficient to maintain due to a unique printhead design that is simple to replace, minimizing service calls while increasing device uptime and productivity.

TASKalfa Pro 55000c product specifications

CATEGORY	SPECIFICATION
PRINTING METHOD	Inkjet Piezo Single Pass Drop on Demand
CONTROLLER/DFE	EFI Fiery System
INK	Water-based Pigment
RESOLUTION	1200 x 1200 dpi
MONOCHROME MODE	Supported (Wet Cap CMY Printhead)
SPEED	Letter: 150 ipm
DUTY CYCLE	Max. 5M
INPUT CAPACITY	6,260 sheets / 11,810 sheets
OUTPUT CAPACITY	5,000 sheets / 10,000 sheets
ADDITIONAL HARDWARE	DS-9100/PF-9120/PF-9100/ST-9100

Specifications are subject to change
